Kim is an amazing photographer who will really take her time to capture the best moments. She picked the perfect day and location for my maternity shoot! She made me feel very comfortable and knew exactly how I should pose and captured beautiful photos. We had a great time and I'm in love with the pictures she took

Kim immediately made my daughter feel comfortable and relaxed and it showed in the photos. She was easy to work with and had great ideas. Just a really sweet person and a really talented photographer. Really really great experience.

Kim was amazing to work with for my surprise proposal. She even took the time to scope out the scene in the days prior to the proposal. She was in constant contact with me throughout the whole process and made sure she was in the right place to capture the moment. The pictures turned out fantastic and my fiance and I will be forever grateful!
